Leonardo da Vinci
By: Allisha Tiwary

Leonardo da Vinci
Was named after his hometown.
He wanted to know everything
Always looking around.

Leonardo was self-taught.
School said he wasn't the smartest,
But in his free time
He was an artist.

Leonardo made many famous paintings
Like the Mona Lisa and the Last Supper,
But he had more passions than just art
He was an architect, scientist, and inventor.

To leave you with a final thought,
Something Leo himself would say,
“It’s okay to be considered weird or odd,
Just follow your curiosity all the way.”
