Walt Disney

His name is Walt Disney.
He wanted to grow his creativity.

He built parks and animations
And made Mickey Mouse through inspiration.

He created exciting rides and games.
And no one left for several days.

He entertained kids and never stopped.
And in every ride, there was a drop.

He helped us learn and grow and dream.
And made us feel a little more free.

He helped us build a better imagination.
And gave us all more dedication.

He said that you can do anything.
All you have to do is dream.

He made an impact in our lives.
So let's thank him with one big high five.
