Martin Luther King Jr.

MLK changed the world,
He taught fairness, kindness, and respect.
Injustice all around him,
He decided to object.

MLK used non-violence
The simple way to tell an important story:
Segregation was not right
Equality should be mandatory.

MLK shared his dream in a speech
Ideas were exchanged
Young and old, black and white
They came because they wanted a change.

The change they wanted to create
Love is greater than hate,
Injustice would fall
Because peace is for all.

MLK taught us
If we work together as a team,
We will always accomplish our dream.
