Neil Armstrong, the man on the moon.
He was always humble.
Always filled with determination.
Under pressure, he didn't crumble.

He showed nothing is impossible.
Determination leads to success.
Neil drove planes before cars.
Little by little, he always progressed.

He accomplished goals with no fear.
His hard work made him stand tall
Never scared, always bold
An inspiration to all

You have to try to achieve goals.
Give your best effort always.
Try things you've never done.
Face hard challenges.
Never give up.
