Sacagawea

Sacagawea, brave and strong
Traveled the nation with a baby calm
A woman and baby symbolized peace
With them, unfriendly meetings would cease

Sacagawea, courageous and smart
Translator for trade,
Negotiator for peace,
Educator for plants
That people could eat.

Sacagawea helped the US
Her knowledge of the landscape to map the American West.
It was a lot of pain, plain after plain,
But she guided them through the challenging terrain.

Sacagawea taught us to be courageous.
Focused and smart everywhere she went
Under pressure, she never bent.

Sacagawea taught us so many things
You can get through whatever life brings
If you have a dream, embrace it
If you live for it, you can chase it
No matter the challenge, you can face it!
