More Than a Game
By: Valentina Almendarez

“I lead the way”
Is something I would say
A rock started it all
I found my love for baseball.

I was always judged for my skin
Even when no one looked within
A hard-working mother who gave
Inspired us all to be brave.

Even though people doubted me
I still made it to the MLB
Many players were often unkind
I didn’t let it change my mind.

Bringing everyone together
Made life feel like a feather
Being a leader
Encouraged others to look deeper.
